

Why God Made Families

by Jill Wolf

God made the world
A wonderful place,
Blessed with beauty
And filled with grace.

He made for us
This special home
With mountains, forests
And fields to roam.

Then to provide
The finishing touch,
He gave us people
Who love us so much:
Parents who care,
Who guide and teach;
Children with
Tiny hands that reach;
Brothers and sisters
To always share
The tears and laughter
Or just be there.

God made families
To help the world grow,
So His everlasting love
Would show.
